*SCORE will support collaboration and facilitate data collection company-wide to deliver up-to-the-minute, auditable reporting to regulators and the FP Marine Board*

**Wayne, PA—April 11, 2007—**Today **The Keane Organization's Business Risk Management Solutions** division announced that FP Marine Risks, an independent Lloyd's specialist marine insurance broker headquartered in Hong Kong, has selected SCORE to automate the measurement and management of their risk and compliance program.

[SCORE](#) is a patent-pending, web-based decision-support tool that automates the key components of Enterprise Risk and Compliance Management – Measurement, Management and Monitoring. Designed in the US by British engineers, SCORE development is led by Peter C. Teuten, President and Chief Technology Officer of Keane Business Risk Management Solutions.
